To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Keating-Moore Construction. My wife Suzy and I are now in our new home and are getting settled. We are extremely pleased with the high quality of the finished product. I would also like to note that Tim Moore was instrumental in expediting the permitting process as well as working with our decorator, Bunny Williams, and our architect, David Ellison. Tim suggested several great design elements, which we incorporated into the home, and we were thankful for his vision.

We found the entire organization to be remarkably attentive to our questions and comments, and they responded quickly to calls, e-mails and requests for meetings. Our communications with them were always candid, open, and easy. It has been a pleasure working with them, and we would recommend them to others.

Sincerely,

A handwritten signature in black ink that reads "Jack Welch". The signature is written in a cursive style with a large, looping initial "J".
